### Importance of This Legislation:

Obtaining a state identification card is a critical first step for youth and adults experiencing homelessness to accomplish typical life tasks and access opportunities. ID is required for a broad range of life activities, such as:

- Applying for jobs
- Enrolling in education programs
- Getting a library card
- Picking up a package from the post office
- Opening financial accounts
- Entering certain government buildings
- Accessing services
- Interacting with law enforcement

Unfortunately, there are significant barriers to accessing IDs for people experiencing homelessness, with some service providers estimating that half of their clients lack identification cards.<sup>1</sup>

With the implementation of the REAL ID Act across the country, states have recognized the need for an alternative identification card accessible to people experiencing homelessness, especially youth, who may lack the documentation necessary to obtain a REAL ID-compliant card. Thirteen other states currently offer free or reduced fee cards for individuals experiencing homelessness, and a growing number offer clear alternative criteria for individuals experiencing homelessness who cannot demonstrate proof of address.<sup>2</sup>

It is time for Massachusetts to step up and join those states that are addressing this issues. An Act to Provide Identification to Homeless Youth and Families would:

- Establish a fee waiver process for youth and adults experiencing homelessness
- Create a process for individuals experiencing homelessness to apply for IDs if they cannot meet the existing criteria, such as alternative proof of Massachusetts residency that does not require a permanent address (looking to documents already accepted by other Massachusetts state agencies)

- Senate Bill 2568 adds in more details about allowing ID applicants who are experiencing homelessness to submit residency documentation from providers of homelessness services and state agencies under the Executive Office of Health and Human Services (EOHHS).

**Please do all you can to support S.2568 and H. 2737 to increase access to Mass IDs for people experiencing homelessness! Please encourage House Speaker Robert DeLeo (617-722-2500) and House Ways and Means Chairman Jeff Sánchez (617-722-2990) to move these bills forward during informal sessions.**
