

MASSACHUSETTS COALITION FOR THE HOMELESS

Committed to ensuring that everyone has a place to call home.

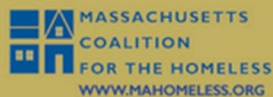

Please do all you can to push for key veto overrides on homelessness issues.

Please take action to override Governor Baker's FY'18 budget vetoes on homelessness, housing, and benefits issues to reverse:

- Total elimination of unaccompanied youth homelessness funding (4000-0007)
- \$2 million cut to the RAFT homelessness prevention program (7004-9316) and the elimination of language that allows elders, people with disabilities, and unaccompanied youth to access funds
- Cuts to the children's clothing allowance and elimination of advanced notice language that would allow the Administration to count SSI benefits in the Transitional Aid to Families with Dependent Children program (4403-2000)
