

Everyone Needs ID:

Please Cosponsor and Actively Support Key Amendments to the House FY'20 Budget to Ease Access to Massachusetts IDs for Youth, Families, and Individuals Experiencing Homelessness

Sponsored by Representative Kay Khan

Overview:

Representative Khan is filing two amendments to the FY'20 House budget to ease access to standard Mass ID cards for people experiencing homelessness: the first is an amendment to the Massachusetts Transportation Trust Fund (line item 1595-6368), and the second would add an outside section to the FY'20 state budget. Both draw from An Act to provide identification to homeless youth and families, House Bill 3066 (lead sponsor: Representative Khan) and Senate Bill 2043 (lead sponsor: Senator Harriette Chandler). Currently, the bills are awaiting action by the Joint Committee on Transportation. Last session, the Senate version of the bill passed unanimously.

Importance of These Amendments:

Obtaining a state identification card is a critical first step for youth and adults experiencing homelessness to accomplish typical life tasks and access opportunities. ID is required for a broad range of life activities, such as:

- Applying for jobs
- Enrolling in education programs
- Getting a library card
- Picking up a package from the post office
- Opening financial accounts
- Entering certain government buildings
- Accessing services
- Interacting with law enforcement

Unfortunately, there are significant barriers to accessing IDs for people experiencing homelessness, with some service providers estimating that half of their clients lack identification cards.¹

With the implementation of the REAL ID Act across the country, states have recognized the need for an alternative identification card accessible to people experiencing homelessness, especially youth, who may lack the documentation necessary to obtain a REAL ID-compliant card. Thirteen other states currently offer free or reduced fee cards for individuals experiencing homelessness, and a growing number offer clear alternative criteria for individuals experiencing homelessness who cannot demonstrate proof of address.²

It is time for Massachusetts to step up and join those states that are addressing this issues. These amendments would:

- Establish a fee waiver process for youth and adults experiencing homelessness seeking standard Mass IDs
- Create a process for individuals experiencing homelessness to apply for standard Mass IDs if they cannot meet the existing criteria by allowing ID applicants who are experiencing homelessness to submit residency documentation from providers of homelessness services and state agencies under the Executive Office of Health and Human Services (EOHHS)
- Expand upon the Registry of Motor Vehicles' efforts to better serve people experiencing homelessness³
- Add \$50,000 to the Massachusetts Transportation Trust Fund (line item 1595-6368) to offset the RMV's lost revenue
